BURGLARS

VERY BUSY

Robberies at McKinney and Lancaster and a Sure Enough Hagl Made at Eubank.

A band of bold, bad burglars seems to be operating in this section of the state. Following close upon the heels of the robbery of G. H. Masters' store at McKinney last week the country store of G. H. Floyd, at Geneva, below McKinney was robbed and on Wednesday night the McKinney Milling Company was entered. Early Thursday morning burglars blew the safe at the Lancaster depot and entered R. E. McRoberts' drug store. A sure-enough burglary was but over at Eubank when Ed Noland was robbed of about \$8,000.

The Floyd store was robbed on the same night as the Masters burglary, and a quantity of groceries and a small amount of change taken. A window was prized open, and entrance effected through it.

The burglary of the McKinney Milling Company took place Wednesday night. A window in the rear was jimmied open, and the safe then opened, but no money was found. Several sacks of the best flour were taken, probably seven or eight. Manager J. L. McKechnie secured Lair's bloodhounds from Hustonville. The dogs made a trail at once, and started up the road but soon gave it up. It was evident that the robbers had entered a buggy and driven off as the dogs repeated the same performance when put on the scent again.

Lancaster Larcenies.

The depot at Lancaster was entered early Thursday morning by the burglars breaking the glass in the door and turning the night latch. The knob was broken off the safe with a large railroad wrench, and then the safe was dynamited. Only a few stamps were secured, however. A sack containing about \$5 was hidden in a corner of the room by Agent Patterson and was not found. The safe's money box was found on the railroad south of Lancaster next morning. The McRoberts' drug store on the public square was entered either before or after the depot burglary, entrance being effected thru the front door, the glass of which was also broken. It is said that nothing of importance was taken from the drug store, although the case containing narcotics was visited, the intruders evidently being after "dope" of some kind. No clew was left by any of the burglars.

Sure-Enough Burglary at Eubank.

The robbery of Ed Noland at Eubank was the most successful of the many that have been pulled off in this section in recent years. According to news from there, Mr. Noland had the check from the Cincinnati Southern railroad company, which he was recently awarded in a damage suit, amounting to about \$11,000. The check was cashed by Mr. Noland's attorneys at Danville and with the remainder in large bills, amounting to about \$8,000, Mr. Noland returned to his home at Eubank. It was almost one o'clock before he reached home. He placed the money under his pillow and laid his pistol on a chair close at hand so as to be ready for any intruder. The next morning when his family awoke, Noland could not be aroused for a long time and it was extremely difficult to awaken him. It was then discovered that the window screen had been cut away and the window left open and every cent of the money gone. The police were notified and an investigation made, but no trace of the burglars could be found. W. H. Lair, of Hustonville, was called to the scene with his bloodhounds, but no clew could be obtained. It is thought that the robbers caught an outgoing freight immediately. Noland thinks that he must have been chloroformed as he heard absolutely nothing and was not aware of the loss of the money until late the next day. In the stolen roll were some bills of large denominations—fifties and hundreds composing the bulk of it.

CHAUTAUQUA FOR STANFORD

Is Being Agitated by Woman's Club With Much Success.

The Woman's Club of Stanford is prosecuting a vigorous campaign this week, in an endeavor to secure sufficient financial guarantees to hold a Chautauqua here this coming summer. A representative of the Alhambra Chautauqua circuit met here early this week with the members of the club and offered them an attractive proposition, and as is usually the case the ladies have gone to work with a vim. The Chautauqua will cost something like \$350 and the ladies hope to be able to engage enough tickets to insure that this sum can be met. Presenting the matter to the business men of the city, they secured signatures of about 40 who guarantee to stand a financial responsibility of up to \$10 each in the event there should be a deficit. Committees are now at work soliciting ticket sales, and are meeting with much encouragement.

The Alhambra bureau is said to offer a splendid program, among the speakers being men like William Jennings Bryan and Vice President Thomas S. Marshall. It is proposed to hold a five or six days' program here and make the entertainment worth coming miles to see each day.

There is but one organization in Stanford that can make a Chautauqua here a success and that is the Woman's Club which has the matter in charge. These ladies have done and are doing a great work for Stanford and deserve every encouragement from citizens of the sterner sex.

DINING AT BRIGHT'S INN

Given in Honor of W. M. Bright, Sr., Who Lived There 59 Years Ago

Mr. and Mrs. William M. Bright gave a very delightful dining at Bright's Inn, their handsome home, out on the Danville pike, Tuesday, in honor of their relative, Mr. W. M. Bright, Sr., of Normal, Ill., who was their guest. Those present were boyhood friends of Mr. Bright and many of them were schoolmates in the long ago. Fifty-nine years ago the gentleman who was honored, lived in the house where the splendid dinner was enjoyed, but left for the farther west to make his fame and fortune. This paper is glad to state that he has succeeded admirably and that today Normal has no more substantial or better citizen than Mr. Bright. The dinner, which was a most comprehensive one and beautifully served, was partaken of in the old stone part of the building where the host had spent many happy hours in his boyhood, with the friends who sat about him. Following are those who were present: Messrs. J. C. Hays, George S. Carpenter, Arch A. McRoberts, S. H. Baughman, Joseph Ballou, Robert L. Porter, E. P. Woods, John W. Rout and George P. Bright. Those invited and who were detained on account of illness or otherwise were: Judge James P. Bailey, Messrs. Spears Fisher and J. T. Hackley and Dr. J. F. Peyton. Their seats at the big table were taken by nephews and grand-nephews of the guest of honor.

The average age of the gentlemen present was 74 1-2 years, which makes the gathering probably the oldest that has been together at a festal board in this section for some time.

He is a very popular young man, and has a host of friends who will wish him much success. He plans to keep an expert miller on duty and will do everything in his power to please his patrons and the public generally.

LITTLE BOY IN BAD SHAPE

As Result of Fall on Ice While Skating Last Week.

Jesse Dunn, the 12-year-old son of Mr. and Mrs. Owsley Dunn, north of town, is in a very serious condition at the home of his parents, as a result of a fall on the ice, while skating on a pond near his father's home a week ago from last Tuesday. The little fellow slipped, and fell, and the back of his head struck on a ridge of the ice. He paid little attention to the accident at the time, although he was severely shaken up, and played around until the Sunday following when he began to suffer from a severe headache. Since that time, he has, at frequent intervals suffered the most excruciating agony, and no way can be found to relieve his suffering except to put him under the influence of an opiate. Physicians have made a thorough examination of the little fellow and are of the opinion that some structure of the brain has been dislocated or broken loose by the jar received at the base of the skull when he struck it on the rough ice at the time of his fall. Everything that medical science can suggest is being done for the child, and the physicians are hopeful that the strange injury will work out its own cure for there seems little that they can do for him except to relieve his suffering as much as possible at the time the spasmodic attacks come upon him.

PUTTING IN NEW TILING.

County Road Engineer McKee Riffe has been busy this past week putting in vitrified tiling at various points on the public roads where old culverts have given way or are giving signs of so doing. The county bought two car loads of this tiling which is practically indestructible and is proving a big help toward giving a permanency to roadways which are broken down or worn-out culverts.

DESECRATION OF SABBATH

In Covington and Newport Told of In Letters from Pastors

A lengthy circular letter has been numerous received here from the pastors of the Covington churches, of which Rev. Joseph W. Hagin, formerly of this city, is one, urging all who are interested in preserving the Sabbath to write to the representatives and senators now at Frankfort to support the Frost and Greene bills, which are designed to close up the Covington and Newport saloons on Sunday. Conditions in those tow cities have been shown to be intolerable ever since former Attorney General James Garnett started the effort to close up the grogeries there on the sabbath. Among the things the ministers say in their appeal are: "Covington and Newport on Sunday: Saloons wide open; drunken men and women; vile and filthy language; reckless driving; women openly insulted; repulsive profanity on the streets and street cars; city and county officials utterly fail to enforce the law; juries fail or refuse to indict or convict violators of Sunday closing law; Circuit Judge and Commonwealth Attorneys express opinion that juries will not act; injunction proceedings fail as a practical remedy; remedial legislation needed; the best moral element of northern Kentucky asks the state 'Will you stand for present conditions?' Are you with us? Tell them so, today." Reference to this matter was made in several Lincoln county pulpits Sunday and the need for active co-operation of all Christian, law-abiding people of the state was fully set forth and undoubtedly will meet with an immediate response.

BIG FLOCK OF WILD DUCKS.

Sam F. Gentry, who is the best posted man in this part of the state on wild fowl and their habits, informs the I. J. that he saw this week one of the largest flocks of ducks he has ever seen on the acre pond on Forestus Reid's farm on the Hustonville pike, about two miles west of Stanford. They completely covered the pond. Speaking of them Mr. Gentry said: "These birds are protected by the federal migratory law, which prohibits hunters from shooting wild fowls in their semi-annual migrations, and has resulted in an extraordinary increase of wild water fowl of the most valuable species, which includes the Mallards, Pin-Tail, Butter Ball, Blue Bill, Black or Dusky Mallard Ducks. Since the enactment of this federal statute the U. S. Biological Survey has been conducting an extended inquiry as to its effect. Many reports are to the effect that the number of water fowls observed, exceeds anything seen in the last twenty-five years. Touching on the aggregate value of the wild fowls as a national asset, and taking on a basis, appraisals of Maine and Oregon, the annual revenue from the migratory wild fowl are for the two states, respectively, \$656,000. This would indicate that the actual annual returns from this source in the United States would be hundreds of millions of dollars. Now if we could stop local snip hunters from violating this Migratory Law, we would have ducks and snips a plenty here."

STANFORD GETS CONVENTION

Eighth District Republicans Decide to Meet Here February 29.—Shelbyville Only Opponent.

The Eighth District Republican presidential convention will be held in Stanford, Tuesday, February 29, at 2:30 o'clock, p. m. This was decided upon at a meeting of the District Committee held in the county court room here Thursday afternoon. Shelbyville was the only contender against Stanford for the honor of entertaining the convention. The vote was eight counties to two in favor of Stanford. At the meeting of the convention two delegates and two alternates will be named to the national convention at Chicago, an elector and a member of the State Central Committee.

The committee meeting here Thursday was largely attended by members and representative republicans of the district, and all seemed to think that the G. O. P. has a good chance to win this year. Outside of the friendly contention over the meeting place, the committee meeting was entirely harmonious. Col. Mike Hughes, former postmaster at Shelbyville, led the fight for the convention at Shelbyville, and had valiant assistance from former Postmaster Wallace, of Richmond, and former U. S. Marshal Short, of Madison county. When the vote came, however, Madison divided her 32 votes evenly between the contending cities, giving 16 votes to Stanford and 16 to Shelbyville.

State Central Committeeman Geo. D. Florence called the committee meeting to order, and stated the purpose of the meeting. Members of the Stanford Commercial Club were present and Messrs. P. M. McRoberts, J. C. McClary, Wm. Severance, S. M. Saufley and City Attorney T. J. Hill made short invitation addresses to the committee.

James Spillman of Mercer county moved that the convention be held in Stanford on February 29th, the day before the state convention at Louisville. This was seconded by W. C. Cundiff, county clerk of Casey. Mr. Hughes moved to make the place of meeting Shelbyville and made an extended argument. Committeemen R. L. Davison, of Lincoln, and Nelson D. Rodes, of Boyle, called attention to the fact that Lincoln county had never had a convention of this sort whereas a number had been held at Shelbyville. After Messrs. Wallace and Short had made arguments for Shelbyville, the vote was taken, resulting as follows: for Stanford: Boyle, Casey, Garrard, Jessamine, Lincoln, Mercer, Spencer, and half of Madison; for Shelbyville: Shelby and half of Madison's vote. The committee then adjourned.

William Etherington, of Woodford county, found his pair of mules that broke away from a colored man who was leading them on the Lexington pike and were missing for some days. They strayed into a pasture at Jim Cleveland's.

Among the tobacco sales made last week at Lexington were: Wesley Simpson, Garrard county, 1,025 pounds, \$376.90; average \$3.70; Harry B. Sipple, Laurel county, 3,315 pounds, \$583.88; average \$1.76; Irvin Simpson, Garrard county, 2,430 pounds, \$414.51; average \$1.70.

Cosden, of New York, who it is understood, paid \$10,000 for her in 1912. She was left at the stock farm at the close of the October meeting, for breeding to Blue Grass stock.

LEXINGTON TOBACCO MARKET ADVANCES

Last week's total offerings of 3,370,520 pounds averaged \$11.01 per hundred, an advance of 59 cents over the average of week before.

On Thursday the entire sale on our Central House floor averaged \$12.01; on Friday the entire sale on our Lexington House No. 1 floor averaged \$12.09, selling one basket for \$60 per hundred, which was the high price for the week. This basket of tobacco came from the crop of Clay & Fox of Clark county and was bought by the American Tobacco Co. On Wednesday the entire sale of our Planters House floor averaged \$11.73.

There was a gradual strengthening of prices all week and our market closed stronger than at any time this season. Buyers for The Export Tobacco Co. are here and with their added competition we expect a very strong market from now on.

As compared with last year the yield per acre shows a decrease of from 30 to 40 per cent. Now, Mr. Farmers, the only way the decrease in weight can be made up for is by an increase in price. As is shown by the floor averages we are getting that increase in price for our customers. Visit our market, look over our sales, watch the way that Dan Scott, John Buckley, George Ballard, Leslie Knight and J. C. Stone look after the sale of your tobacco, and we have no fear but that you will be convinced that this is the only market on which you can get full value for your crop and that these gentlemen will see that you get it.

We can unload you any day you come and sell you that day or the next. Don't forget that we have four sales houses and have a sale in one or more of them every day.

Our Motto is—Prompt and Efficient Service and Courteous Treatment.

Douglas Osborn, of Oakland, sold to a party in Allen county, a fine 4-year-old gray jack, for \$600.

Faulkner Kennedy sold to T. M. Purdon of the West End, 100 bales of nice hay at 55 cents a bale.

W. B. Burton, of Lancaster, bought a pair of mules from W. A. Spragens, of the Ellsburg section of Casey county for \$300.

N. W. Rogers, of Paint Lick, bought of Mr. Butner of Richmond, a bay gelding by Rex Peavine out of Kentucky Squirrel mare, that is a high class individual.

Stewart Sandigge, near Milledgeville, bought of Mat Driesler, a well known farmer of the Harris Creek section, a bunch of 20 shoats averaging about 75 pounds, at six cents a pound. He sold Will McGirr eight of them at the same price.

Real estate deals have been numerous in Madison county recently. Among recent deeds recorded were: Lucetta Cotton to Joe L. Rowlett, 104 acres \$7,842. E. H. Wagers to T. K. Hamilton, 332 acres \$15,000. T. N. Cotton to E. T. Howe, 70 acres \$3,000. Thos. Taylor to B. F. Powell, 52 acres \$3,000. John Turpin to R. C. Combs, 71 acres, \$2,000. Pattie Ellison to Leslie Parke, 61 acres, \$4,632. Squire T. Moberley's heirs to John P. Moberley, 87 acres \$4,812. Telford E. Jones to Ira T. Parke, 180 acres \$13,810. Nancy Taylor's heirs to M. C. Nullum, 76 acres \$4,990. Palestine Hazelwood to Mollie Cormers, 122 acres \$14,000. T. E. Jones to Rufus Spurling, 87 acres, \$5,439.

V. A. Lear, of Lancaster, shipped a large consignment of hogs to Green Embury & Co., at Cincinnati, there being 140 head in the load; these porkers were bought up by the Lancaster stockman from Garrard farmers in various sections of the county and ran in weight from 100-pound shoats to 200-pounds animals, and cost him from \$5.50 to \$6 per hundred. The following are some of Mr. Lear's best bunches for this shipment. From B. K. Swope, of Bryantsville, 30 head of shoats, tipping the scales at 80 pounds each, at 5 1-2 cents a pound; second bunch from B. K. Swope, of 30 head; these porkers averaging 150 pounds and costing the exporter 6 cents per pound; a bunch of ten head from W. P. Doolin, that pulled the beam at 160 pounds per animal, at \$6 a hundred; from Nathan Bogie, ten head of porkers that showed an average of 140 pounds at 5 3-4 cents per pound. Hunter Ray of the Mt. Hebron section, delivered to Mr. Lear a bunch of porkers for which he received 6 cents per pound.

The thoroughbred stallion, Rock View, 6 years old, a good race horse and by the \$125,000 imp. Rock Sand, out of Golden View, was bought at Lexington from August Belmont, of New York, by Gallaher Bros., in partnership with John D. Carr and Thomas Platt, thoroughbred breeders of Fayette county. The horse was immediately insured for \$5,000, and it is believed that this is approximately the purchase price.

James S. Haggard, of Clark county, bought the Richard Conner place in Montgomery county, consisting of 166 1-4 acres at \$139 an acre.

John W. Moody, of Statesville, Tenn., sold to Thompson & Stroud a pair of coming 4-year-old mare mules, 15 hands high, that weighed 2,285 pounds, for \$450.

The famous record of Pop Geers, the veteran trotting driver, who won \$116,370 in 1902, has been eclipsed by Tommy Murphy, who won \$116,586 in the season just closed. This is the high mark for a single season harness earnings. Murphy's great record this year was made possible by the fact that he piloted the racing sensation of the season, Peter Scott, 2:05 1-4, owned by Harry Oliver, of Pittsburg. During the 1915 season, Peter Scott won the sum of \$50,335 for his driver and owner. In San Francisco, the great trotting stallion made his best showing, winning \$14,250.

Boone County has a County Farm Agent, and he is doing a fine work, in stimulating interest in agricultural work. Under his auspices, to induce the younger generation to make a showing in agricultural work, C. L. Griffith has offered to give a high-bred Poland China gilt or big type, for the best acre of corn raised by a boy under sixteen years, during the year 1916. Jacob F. Cleek supplemented the offer by agreeing to give a Duroc Jersey gilt for a similar purpose and under the same conditions. D. B. Wallace, also agrees to donate \$20 for premiums for best tobacco samples raised during 1916. The entire matter is to be under the direction of the County Farm Agent.

Although several metropolitan mule buyers bought quite a number of the long-eared hybrids in north Callaway during the last part of December, there are several bunches of mules yet on feed in the Kingdom that rank high in the feeding class and which are still unsold. Otho M. Wilkerson, a Carrington stockman who seldom lets a year pass without having at least a car load of the "pride of the Kingdom" in his fattening barn, received \$190 around for 26 head that he sold to the Maxwell-Crouch Mule Company, East St.

Louis, last week. J. Ed Moore, of Guthrie, did the buying for the company and shipped the mules Saturday.—Fulton Mo., Gazette.

CHICKENS BY THE THOUSAND.

John O. Reid, proprietor of Lombardy Heights Poultry Farm, north of town, on the Danville pike, has started breeding operations this season on a large scale. His incubators are loaded to 1,200 capacity and each week, beginning this week, Mr. Reid is taking off that many young chicks. Mr. Reid is breeding 17 different varieties of poultry this season. He has had wonderful success with his birds in the show rings, and as he advertises extensively, can hardly supply the demand for his breeds. He will shortly have an interesting advertisement in the I. J.'s poultry column which will start in February. The I. J. has just finished printing a large amount of poultry stationery for Mr. Reid, and will soon have his handsome new catalogue on press.

The injured man is reported as getting along nicely and learning to get about on a pair of crutches. Mr. Bell tells us that Fred will be able to come home next week.

Jesse Lawrence is now quite ill of pneumonia. He was at Berea the first of the year to enter school and was taken suddenly ill of grip and a severe abscess in his ear caused his condition to be extremely critical. After it became apparent that he was likely to become much worse and in no condition to study he was brought home to the residence of his parents, Mr. and Mrs. M. F. Lawrence, near here, where the best medical skill obtainable and the tender care of loving homefolks are united in efforts which are hoped will culminate in his speedy restoration to his former health. His many friends hope the young man will soon be himself again.

Lovins, who formerly lived here on the old Moser farm, but sold out and moved to Ohio just before the holidays. The contracting parties had been sweethearts for about a year and their wedding was expected by their friends to occur during the summer, but no one expected it so soon. We congratulate the groom on winning so handsome a bride and may much joy be their lot in life.

CLEANSE THE BLOOD
BANISH RHEUMATISM

Rheumatism Due to Bad Blood

Thousands have been made well. People in the poorest health, suffering from Rheumatism, with whom pain was constant. Who believed that their vitality was sapped beyond repair. It was proven to them that the cause of their trouble was the blood; that Uric Acid, the most faithful ally of Rheumatism, had gripped them. The poison in the blood had sapped its strength. The weakened blood had allowed poisons to accumulate, and all energy was gone. They felt "poorly," were listless, pain was ever present, with poor digestion and dyspepsia. They tried S. S. S.—nature's blood tonic. They gave up drugs. This compound of nature's remedies of roots and herbs did what drugs failed to do. It literally washed the blood free from poison, and with the flow of pure blood came back health, strength, vigor and happiness. Get S. S. S. from your druggist. Insist upon S. S. S. If yours is a long standing case, write for medical advice to Swift Specific Co., Atlanta Ga., but begin taking S. S. S. at once.

REMARKABLE RECORD.

Miss Ethel Powell, the attractive daughter of Contractor J. R. Powell, of this city, has a Sunday school record that is probably unexcelled. For the past nine years she has not missed a Sunday at the Presbyterian Sunday school and has always arrived on time. Several times during the long period of her short life she was not well enough to walk to church, but this did not keep her from attending Sunday school, for she found a way to ride, which proves the truth of the old saying, "where there's a will there's a way." At the end of three years the school presented her with a handsome gold medal as a reward for her punctuality and general good work, and at the close of each year since a link has been added to the pretty pendant. She is naturally very proud of both her record and the reward and proposes to let nothing prevent her from adding many more links to the handsome piece of jewelry.

SOME TENNESSEE FOLKS
TELL HOW THEY WON

Sick people want to be well in a hurry.

A great many, perhaps most all, illnesses have their beginning in derangements of the stomach and digestive tract.

Mayr's Wonderful Remedy starts in at the first dose to put stomach sufferers on the way to health. The first dose proves it.

It is taken with success everywhere. Here are the words of two Tennessee people who have taken it:

MISS CORA FISHER, 805 Saxon avenue, Memphis—"Have taken your medicine and it worked like a charm. Has removed quite a number of gall stones." It does just as you said it would."

MRS. W. J. WARD, Sparta, Tenn.—"I can honestly recommend your remedy to all sufferers from constipation and stomach troubles. Indigestion seems a thing of the past with me."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

LINCOLN COUNTY NATIONAL BANK.

"Corner Next To Court House."
Stanford, Kentucky.

The Interior Journal

S. M. Saufley.....Publisher

\$1.00 A YEAR STRICTLY IN ADVANCE

Entered at the postoffice at Stanford as second class mail matter

A stringent corrupt practices act is pending and will probably be put through the legislature, that will make vote selling and buying a thing of the past, which is exactly what ought to have been done long ago. When we took a stand in favor of such a bill during the legislative session two years ago, many democrats of prominence, some from this county, urged us to let the question alone as a law that will stop vote buying will make Kentucky a republican state, and Lincoln a republican county, they urged. The I. J. believes it will simply mean that the democratic party will have to nominate its best men every time in order to win, and that when it does that it will continue to win the offices regardless of what the law may be.

George Alexander, the convicted Paris banker, became ill, so he was given permission to be taken from the penitentiary at Frankfort to a specialist at Louisville, where an examination was made after which he was returned to his cell. If Alexander had been a poor, ordinary, everyday cuss, like you or I, with no money and no influence, wonder how far outside those prison walls he would have gotten on his way to a specialist? We never heard of any other convict receiving such munificent treatment.

Profiting by Stanford's example, the Lancaster Record want to know why the city deposit there is not let out to the highest bidder. No satisfactory reason can be given for not doing so. It is the taxpayer's money and they are entitled to any benefits derived from its use. Public funds of every nature, should be handled in the same way.

The administration's anti-trust bill was introduced in the house by Representative H. Clay Kauffman, of Garrard. This young man seems to be doing exceptionally well for a

newcomer.

Of course they defeated state-wide in the senate. How could anything else have been expected with the whole power of the Administration working to beat it? W. C. T. U. leaders say the fight will be continued in the house, but what's the use of muddying the waters there when nothing can be gained, except to put the members on record? It might be possible that something else can be done by the present session in addition to beating state-wide and putting over the "Stanley County Scandal" for which the skids seemed well greased in order to placate the Pike county political pirates. Let the good work go on.

Assistant Postmaster Wm. Grimes who attended the agricultural school of State University, has written an interesting article on the work County Agricultural Agents are doing for farmers, and which is found on another page of this issue. Read it for it is worth the perusal of every farmer and business man. Mr. Grimes knows whereof he talks and presents the facts of this important matter clearly and logically.

The Shackelford Good Roads bill passed congress by a substantial majority with the Kentucky delegation voting solidly for it. Under its provisions Kentucky will receive \$587,274 annually from Uncle Sam for road building. This is a splendid step forward.

Representative Claude Minor, of Boyle county, is a brave man. He introduced a bill in the house to increase the dog tax from \$1 to \$2.50.

Heard About Town

J. L. McKechnie, of the McKinney Milling Company, was initiated into the Blue Grass Council of the U. C. T., at Lexington last week.

V. D. Smith, of the Louisville Paint Manufacturing Company, was in town Tuesday and sold a big order of his fine paints to the Lincoln Pharmacy.

D. P. Rogers, of Louisville, district representative of the Continental Insurance Company, spent several days here this week with local Agent D. A. Thomas. Both went to Mt. Vernon on business Thursday.

Prof. Walter Moser is conducting a private school at McKinney since the close of the regular public school term and has a large number of pupils. Prof. Moser is one of the most efficient and popular teachers on the staff of the county pedagogues, and has a brilliant future before him.

Col. D. W. Dunn, the I. J.'s live wire representative at Hustonville, was in town Friday. Col. Dunn is one of the best reporters on the I. J.'s staff and has a "nose for news" that can smell a news item even way down in Casey. Everybody compliments the live news notes he sends in from the West End.

Everheart Reynolds, colored, was held to the grand jury by Judge Bailey in county court Thursday on a charge of incest. His bond was fixed at \$250, which he was unable to give.

Rural route carrier John Engleman was laid up several days last week with a severe attack of grip. Owsley Newland supplied on No. 1, while Mr. Engleman was confined to his home.

Archibald W. Walker, Jr., the 15-months-old son of Mr. and Mrs. W. O. Walker badly burned his chin and neck Monday morning when he fell against a hot stove in the kitchen. The little fellow's injuries are very painful but not very serious.

Clyde Sturgeon of the Sturgeon Real Estate firm of King's Mountain, was in town Wednesday, arranging for more advertising in the I. J. for his hustling land company, and to plan some farm catalogues, which he will soon have for distribution to farm buyers.

Gov. Stanley refused to reappoint "Dolph" Rice, of Louisville, well known here to the Board of Chaf-fur Examiners, and named C. Claypool in his place. Mr. Rice made a splendid man in the place, and his friends regret that he was not reappointed.

Col. George D. McCollum, the popular proprietor of the McCollum House at Junction City, passed thru Stanford Saturday en route to Crab Orchard to spend a short time. Col. McCollum is just out after a severe illness during which he had a touch of paralysis.

Mrs. Martha Pollard, wife of S. B. Pollard, and a sister of Col. F. M. Ware, of McKinney, and Mrs. Josiah Bishop, of Hustonville, died at her home in Danville a few days ago. She was 71 years of age and the oldest of nine children. Her husband and five children survive.

W. N. Lane, who sold his farm on the Danville pike, to J. M. Rankin, was in town last week with his young son, who is attending school at Danville. Mr. Lane now owns a farm in Brown county, Ohio, across the river from Mason county, Ky., and is greatly pleased with that country.

Col. John Wentzel, the merchant prince of Ottenheim, accompanied by Mrs. Wentzel and Mr. and Mrs. Leo Eyer, were in town Tuesday, shopping and paid the I. J. an appreciated call. Mr. Eyer recently bought out Dr. Hans Grivelly's place at Ottenheim, and he and Mrs. Eyer have moved from Cincinnati, which was their former home, and taken possession. Mr. Eyer will farm the place, which is one of the nicest in that section of the county. He and his handsome wife are being given a cordial welcome into that hospitable community.

Former State Senator R. L. ("Took") Hubble, of Lincoln county, is in the capital to mingle with his former associates in the Legislature. He served during the 1906, 1908, 1910 and 1912 sessions of the General Assembly in the upper branch and was well liked by his colleagues. Senator Hubble, who is a power in Eighth district Democratic politics, said that he looked for a very interesting race for the Democratic nomination for Congress in that district this year, but he refrained from expressing any preference at this time.—Louisville Times.

Cleanses Your Hair, Makes It Beautiful, Thick, Wavy, Glossy

Try This! All Dandruff Disappears
And Hair Stops Coming
Out

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

Got Rid of My Corns With Magic "Gets-It"

Simplest Corn Cure in the World—No Pain, No Fuss. New, Sure Way.

When corns make you almost "die with your boots on," when you've soaked them and picked them and sliced them, when corn-swelling

Why Have Corns At All When "Gets-It" Removes Them the New, Dead-Sure Way? salves, and tapes, bandages, and plasters that make corns pop-eyed have only made your corns grow faster, just hold your heart a moment and figure this: Put two drops of "Gets-It" on the corn. It dries at once. You can put your shoe and stocking on right over it. The corn is doomed. It makes the corn come off clear and clean. It's the new, easy way. Nothing to stick or press on the corn. You can wear smaller shoes. You'll be a joy-walker. No pain, no trouble. Accept no substitutes. "Gets-It" is sold by druggists everywhere. See a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy, by the Lincoln Pharmacy, formerly Shugar's Drug Store.

Representative H. Clay Kauffman, of Garrard, is chairman of the House committee which has charge of the new Stanley county division bill.

Mr. E. J. Tanner, W. K. Shugars and son, W. K., Jr., of Stanford, were here part of last week looking after the Tanner estate.—Liberty News.

Everyone is glad to see George Wood out. He has made a wonderful and splendid improvement and is rapidly beginning to feel himself again.

Winfrey M. Duncan is acting deputy sheriff during the rush work in getting delinquent tax payers cleaned up. Mr. Duncan is an expert accountant and one of the best penmen in town, and is making Sheriff Weatherford a first class man.

M. W. Caldwell, a popular telegrapher on the Q. & C. with headquarters at Danville, has been at his old home in Waynesburg on a visit. Together with Epton Singleton and Mr. and Mrs. A. B. Morgan and Walter R. Padgett, they motored to Stanford shopping Thursday.

R. F. Campbell, of Maywood, a well known member of the section crew which keeps the L. & N. track in such good condition in this part of the division, had the tip of the third finger of his right hand, mashed off, when a track frog turned over on it Saturday. Mr. Campbell had the member dressed, but he will be unable to work for several days.

James G. Denny, formerly of this county, and a brother of R. G. Denny and Miss Belle Denny, of this city, was appointed Corporation Counsel of the City of Lexington by the City Commissioners last week. Mr. Denny has been City Attorney of Lexington for three years, and has made a reputation as one of the ablest members of the Fayette county bar.

E. J. Tanner, of McKinney, who is now one of the leading merchants of that section, was in town recently. He used to be just as good on the road as he is a merchant and has always been an enthusiastic U. C. T. He attended the meeting of the Bluegrass council and chaperoned his old time friend, J. L. McKechnie across the bridge and over the mountains.—Lexington Leader.

Lonnie Padgett sold his country store near the junction of the Waynesburg and King's Mountain pikes to Jack Webber, a former railroad man, who was injured in a wreck. It is understood that Mr. Webber paid \$750 for the place. Just what Mr. Padgett will do is not known but it is reported that he is trying to buy a nice little farm in that section of the county.

F. T. Rigsby, of Sonoita, Arizona, who came home at the time of the death of his mother, Mrs. J. H. Rigsby at Preachersville a short time ago, is preparing to return soon to the western state. It is probable that his father, J. H. Rigsby will go with him for a visit, Mr. Rigsby says. The young man is dry farming in the southern part of the new state, about 24 miles north of the Mexican border. He says that Mexican raiders have never bothered anyone as far north as his place but he has a number of neighbors to the south who have lost much cattle and stock. He is greatly pleased with Arizona, and has no thoughts of returning to old Kentucky permanently.

Maternity! The Word of Words

It is written into life's expectations that motherhood is the one sublime accomplishment. And if there is anything, no matter how simple, how apparently trivial it may seem, if it can aid, help, assist or in any way comfort the expectant mother, it is a blessing. And such is a remedy called "Mother's Friend." You apply it over the stomach muscles. It is gently rubbed on the surface, and makes the muscles pliant; this relieves the strain on ligaments, natural expansion takes place without undue effort upon the nerves. And as the time approaches, the mind has gone through a period of repose, of gentle expectancy, and this has an unquestioned influence upon the future child. That this is true is evidenced by the fact that three generations of mothers have used and recommended "Mother's Friend." Ask your nearest druggist for a bottle of this splendid remedy. He will get it for you. And then write to Bradfield Regulator Co., 407 Lamar Bldg., Atlanta, Ga., for a most interesting book of information to prospective mothers. It is mailed free. Write today. It is a book you will enjoy.

CARTER CIRCUIT CLERK IN BAD

Suit has been filed by the Attorney General's department to collect \$8,706.14 from J. E. McGlone, Circuit Clerk of Carter county, indicted for making out false claims for witness fees against the State, and his bondsmen, J. A. Do You Feel Headachy? Look To Your Stomach.

It is an unusual thing for a druggist to sell medicine under a guarantee to refund the money if it does not cure. Yet this is the way G. L. Penny, the popular druggist, is selling Mi-o-na, the standard dyspepsia remedy.

Never before has he had so large a number of customers tell him that a medicine has been successful as with Mi-o-na. People who a few months ago looked like walking skeletons have put on flesh and today are ruddy and vigorous with perfect digestion and good health.

There is no longer any need for anyone suffering or making their friends suffer on account of dyspepsia. Mi-o-na can always be relied upon. The percentage of cures is so great that there is little risk to Mr. Penny in guaranteeing to return the money if the medicine does not relieve. And he stands ready to do so without any questions.

Headaches, all forms of indigestion, specks before the eyes, dizzy feelings, and all forms of liver trouble are helped by Mi-o-na. A few days' treatment should show considerable gain in health while a complete cure often follows rapidly. 68

SEVERE PUNISHMENT

**Of Mrs. Chappell, of Five Years'
Standing, Relieved by Cardui.**

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

HIGH SCHOOL NOTES.

The mid-year examination are being held this week which ends the first half of the school year. All pupils are exempt from examinations in all subjects in which they have made an average grade, as much as, or more than 85 per cent, and have an average of 85 in their department.

Marietta Goggin, '16, who has not been to school for some time, returned Monday.

Bessie McCormack, '18, returned to school Monday and her classmates were delighted to learn that her brother, Will McCormack, is improving. He is a member of the same class.

Lewis Proctor was the only member of the Seniors absent Monday. Those absent of the Junior class were Maurice Tucker and Pattye Perkins; Freshman: Sara Cornney, Margaret Davison, Nancy Hunn, Robert Holtzclaw and Will Ashlock. Will McCormack, who is unable to attend, was the only missing member of the Sophomores.

The regular weekly program was held Friday, but due to the fact that the piano was out of fix, there were no numbers from that department. Those who took part were Mabel Masters, "Suppose," Fred Bauman, "The Drum."

Another Wonderful Recovery From Kidney Trouble

For nearly nine years I was a great sufferer from what my doctor said was kidney trouble and my blood was out of order; enduring all that time excruciating pain in my back and across my bowels. I was drawn down so that I could only walk with my hands on my knees. My doctor said he could do nothing for me. I tried many kinds of medicine but all to no avail. A friend told me about Dr. Kilmer's Swamp-Root, and as I had tried everything else that I heard of I bought a bottle of Swamp-Root and it did wonders for me. I prize it higher than any other medicine and I shall recommend it to my friends. I wish to add right here that after using Swamp-Root for two months I began to straighten up and am now sound and well, and feel like I might live a long time yet to tell what your medicine has done for me.

Yours very truly,

WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y. — "For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my head would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not go. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and did not have the operation." — Mrs. JOHN A. KOENIG, 502 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do, but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed; or, if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

TO THE FARMERS OF LINCOLN COUNTY

The suggestion concerning an agricultural agent for Lincoln county contained in an editorial of the I. J. of January 21st, prompts me to express my views upon this question, in which I have long been interested. Under the Smith-Lever appropriation act of 1907, Kentucky is entitled to \$121,000 for the purpose of improving agricultural conditions. The national department of agriculture will put up dollar for dollar, or in other words will pay one half the salary for the county agent. Lincoln county is entitled to \$800 as her part of the \$121,000, provided the county will raise as much. At the present time there are about 35 counties in the state with agricultural agents, among those nearest to us are Woodford, Hardin, Harrison and Franklin counties. Any one who has talked on this subject with one of the farmers from these counties, will find out that the fields which were once sour and unproductive, have been restored by the use of the improved methods of farming planned and supervised by the county agent.

Lincoln county, because of the different character of her soil, would afford an excellent opportunity to obtain results, which would be astonishing and almost unbelievable. The run-down fields could be built up by the use of ground limestone or calcium carbonate which render the acid soil neutral, in order that leguminous crops such as the clovers can be grown, and they take the free nitrogen from the air and deposit it in the soil, so that it becomes readily available as plant food.

Permit me to suggest a plan which I think would work satisfactorily in this county. During the months of January, February and March, months that the agent would be unable to do active work on the outside, on account of the inclemency of the weather, he could teach the fundamental principles of agriculture in the High School, provided the school board would be willing to put up \$300. That would leave \$500 to be appropriated by the fiscal court. I am interested in advancement along agricultural lines, which I think would be most effectively accomplished through the work and co-operation of the county agent. I am vitally interested in seeing that old Lincoln will be among the first to secure federal aid, realizing what good will be obtained by this means. I do not desire an agent for this county because of any pecuniary benefit which I might derive from such, except the improvement which I am satisfied would be brought about in agricultural conditions.

Hoping that some of the farmers will investigate and find out for themselves the many advantages that would be derived from the services of an agent for Lincoln county, I beg to remain,
"An Advocate of Improved Agriculture."

WOMAN'S DREAM IS TRUE AT LAST

She Knows Why Multi-Millionaires Offer to Divide Fortunes

To be a sufferer from nervous dyspepsia for ten years, and to bear all the tortures, mental and physical, that this and all too common ailment brings, and then to find relief almost over night, is like having a happy dream come true.

But this was the delightful experience of Mrs. Margaret Hunter, of 40 Eighteenth street, Newport Ky. Mrs. Hunter, the wife of a well-known and highly successful real estate dealer in the Kentucky city, recently told of the long hoped for change in her life.

"For ten years," explained Mrs. Hunter, "I have suffered from nervous dyspepsia. When I read of the offers of multi-millionaires to divide their fortunes if they might be cured of this terrible distressful malady, I felt, too, that I would never be cured, because I had no millions to offer."

I used all manners of remedies without avail. Even the strictest dieting did not help me materially. Food in any form was absolutely repellant at most times. But worst of all, of course, was the constant nerve strain. I had all of the symptoms that dyspepsia causes—headaches, backaches, and pains in the kidney regions, nausea, dizziness, sleeplessness, bad tastes in my mouth, a coated tongue, forming of gas in my stomach and bloating, and I was in a generally run-down and thoroughly nervous condition.

"And then came the joyful surprise. After the first few doses of Tanlac I was benefitted. Now I am back to a normal condition, nerves quieted, restful sleep, and my food digesting as it should, and of course, I am gaining strength daily."

"My husband, who has seen the splendid effect of Tanlac on me, has also taken it."

Tanlac that inspired this intensely interesting story, big in importance to men and women everywhere, now is being introduced in Stanford at Penny's Drug Store where it is being fully explained daily. 8-1

BECKHAM FOR VICE-PRESIDENT

That Senator Beckham is appreciated abroad as well as at home is shown in the signal honor accorded him at the opening session of Congress. Although it was his initial appearance with that body he was distinguished above all other new senators by being chosen Monday, by President Pro Tem Clarke, to preside over the deliberations of that august body during the debate. As Morrow has put Kentucky in the doubtful class, and Marshall doesn't seem to care for the vice presidency again, Beckham would be most available timber for the tail-end of the ticket. He would lift our State out of the doubtful column and there would be no question of Kentucky's electoral vote.—Harrodsburg Herald.

Crab Orchard

Mrs. Emma Farris was called to Pinehill Monday by news stating her daughter-in-law, Mrs. Steve Teaters had died. Mrs. Teaters was a devoted wife and was ever ready to do all she could for her friends and was much loved by all who knew her here. Much sympathy is felt for the bereaved husband in his sad hour.

Mr. Galem Rodgers has been very low for some days. He was taken with grip and other complications setting up, caused much alarm to his family and friends. Dr. Phillips is attending him, and doing all that can possibly be done. Mrs. Rodgers also has been sick with grip.

The Ladies Aid of the Christian church elected the following officers for the year: Mrs. Anna Napier, president; Mrs. Robert Thompson, vice-president; Mrs. Sanders, secretary and Mrs. J. Thomas Cherry, treasurer.

The Christian Endeavor is in a splendid shape for work. Misses Myrtle Murray and Mayme Holdman are conducting it and expect to accomplish much good if the young people will co-operate with them in this great work. We can already see the vast amount of help this has been to the young people of our town. The Endeavor will give an entertainment the first Saturday in February to which all are invited. A most interesting program will be rendered.

Montez Fish left for Louisville last week to go into business. He will be missed by the Sunday school and Endeavor, where he has faithfully labored for several years.

Rev. Hutchings of Preachersville, preached an excellent sermon at the Baptist church last Sunday.

Mrs. Kate Egbert who has been confined to her room for some little time with grip and rheumatism, is able to walk about the house without the aid of her cane.

Mr. Frank Brooks has been suffering from lumbago for several days. Dr. Edmiston is attending him.

Mr. Hamilton, our city marshal has moved from his farm to the Dr. Doores property on Main street.

Miss Melsadie Chadwick went to Winchester Tuesday to visit her sister, Mrs. Fife for a couple of weeks. Upon her return she will finish out the unexpired term at Watt's Chapel School having been selected by the County Board of Education. This speaks very highly for Melsadie, who is a young teacher of great promise.

Mrs. Thomas Manuel has returned from a pleasant stay with her children at Gravel Switch.

Mrs. Kate Magee who fell and broke her right arm some time since, is about able to use it again, and is loud in her praise of the skill shown by Dr. W. J. Edmiston. This break was only about two inches below the shoulder joint and was for this reason quite difficult to splinter so as to heal, but it has healed quickly and well and she wants her friends to know about it through the Interior Journal.

Dr. Harmon has been quite sick for some time and as he enjoys an extensive practice, he is missed.

Drs. Jones and Phillips are kept very busy every day, so great is the sick list.

Mrs. Charles Redd has been quite sick at her home near town, but is better we are glad to say.

Mr. Charlie Cooper is gradually growing weaker each day.

Several of the family of Mr. John Kennedy have been quite sick. Little Mary, the baby, being the last victim to grip, is improving.

Mrs. Jane Hutchison has been confined to her bed for over two weeks with bronchial pneumonia. She is some better at this date.

Mr. L. L. Sanders went to Williamsburg in the interest of the Cummins Milling Co.

Messrs. Ed and Walter Rodgers of Somerset, are with their parents, Mr. and Mrs. Galen Rodgers.

Mr. Garner Price, whose leg was amputated, is reported as quite sick.

Mrs. S. A. Middleton and Miss Kate, are sufferers from grip.

The roof on the Christian Church which has been in such bad condition is being replaced by a new one of tin.

The inmates of "Widow's Rest" desire to thank Bro. Willis for a liberal supply of nice kindling wood sent them this week. Mrs. Hutchison and Mrs. Holdman were also remembered.

no watering place in the south, electricity, steam heat, water work; and splendidly lighted, it will be in fine shape to give all its patrons every comfort and convenience and all who have ever been within its walls know well that Col. and Mrs. Willis spare no labor to make them feel at home.

Added to our Springs improvements we must mention that Crab Orchard will have a Sanatorium which is being built by Dr. W. J. Edmiston. This building is under erection and a more complete description of it will be given by us in a short time, when we will be able to tell you of its baths, of its every convenience for the treatment of all diseases.

Mrs. Kate Edmiston is able to be up after a most severe attack of grip which almost resulted in pneumonia.

Mr. John Edmiston, the aged father of Dr. W. J. Edmiston, is very sick at his home here.

The sad news has just reached us that the six weeks old baby of Mr. and Mrs. Walter Smith, near the river, was found dead in bed Wednesday. It had been real sick with a cold, but seemed so much better, that they thought it out of danger, and the mother had only left it long enough to go to the kitchen on some errand, returning to the room she found it dead. Much sympathy is felt for the young parents in the loss of their little boy.

How To Cure Colds

Avoid exposure and drafts. Eat right. Take Dr. King's New Discovery. It is prepared from Pine Tar, healing balsams and mild laxatives. Dr. King's New Discovery kills and expels the cold germs, soothes the irritated throat and allays inflammation. It heals the mucous membrane. Search as you will, you cannot find a better cough and cold remedy. Its use over 45 years is a guarantee of satisfaction.

JUDGE ROSCOE TARTER'S PLAN.

A simple method of raising additional revenue and lifting the state debt is submitted for the consideration of the Legislature in a bill introduced in the House last week by Representative R. C. Tarter, Republican, of Pulaski county. Representative Tarter's bill proposes a license tax of five cents per wine gallon on all distilled spirits and one-half cent per wine gallon on all malt liquors manufactured in the Commonwealth of Kentucky. This tax, Judge Tarter

estimates, would bring in an annual revenue of nearly \$700,000. The bill provides methods for assessing liquor and heavy penalties for violation of its provisions.

WOMEN'S WOES

Stanford Women Are Finding Relief At Last

It does seem that women more than a fair share of the aches and pains that afflict humanity; they must "keep up" must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidneys only that is endorsed by people in this locality.

Mrs. A. Camden, Preachersville, Ky., says: "I suffered intensely from kidney complaint. When I stooped, I could hardly straighten. Dark spots often floated before my eyes and my head pained me until I was almost crazy. A neighbor told me about Doan's Kidney Pills and I got a box. They helped me from the first and I am now free from kidney complaint."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Camden had. Foster-Milburn Co., props., Buffalo, N. Y. 8-1

This horse is considered by good judges to be one of the finest looking individuals ever foaled, and Mr. Moreland will show him the coming season.

J. H. Bustle sold to J. M. Pettus a milk cow for \$50.

W. L. Crim, of Chilesburg, sold a pair of three-year-old mare mules to J. O. Ralls, of Millersburg, for \$475.

Sam Wilson, of Creston, Casey county, bought a pair of mules at Columbia last week for \$365; also a 75 acre farm for \$700.

Charley Williams, who has been living in the McCormack's section, has moved to the place recently vacated by Rev. Wm. Sprinkles, on the Arcadia farm.

E. J. Tanner, of McKinney, is preparing to erect a modern dwelling on his farm in Casey county, and has let a contract to G. W. Grider for the construction.

Knowing that it is the general opinion that mule-footed hogs are immune to cholera, W. Lee Davis, of Fulton, wrote to the agricultural experiment station of the State University, Columbia, about the matter, and was referred by Dean Mumford to the agricultural experiment station of Purdue University, Indiana, where several experiments have been run to determine whether or not this breed of hog was really immune to the disease. An answer from this school told that the results of their experiments showed conclusively that mule-foot hogs possess no more natural immunity to cholera than other breeds.—Fulton, Mo., Gazette.

Pleasant Point

I notice that every other place in the county and lots of places in other counties are represented in your paper, so I can't see why the best place in the world, according to the writer's views cannot be heard from occasionally.

There are enough people sick in this section. Were we to mention each one's name, it would fill a big space of your valuable paper. Nearly every family is represented on the sick list with a victim of grip.

Mr. Jim Hampton Leach has just returned from Cincinnati with his family, where he moved a short time ago. It seems that it is hard for Mr. Leach to decide where he is needed the most.

Rev. Owens, of Maywood, has rented W. B. King's farm for this year and is moving to it. Rev. Owens is pastor of Pleasant Point and Olive Baptist churches, he having been selected for another year by each of the churches. His location is a good one as he is near each point and can farm during farming season. We are glad to have him and his excellent family among us.

Messrs. George Walls and Alex Dunlap went to Maywood to assist in moving Rev. Owens.

Mr. Jack Webber of Ludlow, has bought the Alonzo Padgett property and stock of goods on the pike below E. G. Gilliland's. Mr. Webber will take charge about the middle of February. Mr. Padgett is undecided as to what he will do, but thinks he will buy a farm close to where he has lived for thirty-five years.

Mr. Padgett bought a team of mules, wagon and harness, from J. T. Horton at a fancy price.

Parents Should Know This Splendid Remedy

SIMPLE LAXATIVE COMPOUND HELPS TO CORRECT CONSTIPATION IN CHILDREN

With all children there are times when the bowels fail to act naturally and it becomes necessary for the parents to administer a remedy. Cathartics and purgatives should never be used as these agents afford only temporary relief while their violent action shocks the system unduly. Mrs. Eva F. Gaff, 517 10th street, Washington, D. C., says that her little girl, Marie, had been subject to constipation, and that she found Dr. Caldwell's Syrup Pepsin the best remedy because of its mildness, and now always keeps a bottle of it in the house.

Dr. Caldwell's Syrup Pepsin is a compound of simple laxative herbs, free from opiates or narcotic drugs of any kind, and is an ideal remedy for children because of its mild action and positive effect. Its use tends to strengthen the impaired bowel action and restore normal regularity.

MARIE GAFF

It is important that parents should know of a dependable remedy with no unpleasant after effects, griping or strain. Dr. Caldwell's Syrup Pepsin costs only fifty cents a bottle and can be procured at any drug store. To obtain a trial bottle, free of charge, write to Dr. W. B. Caldwell, 454 Washington street, Monticello, Ill.

There Are Rubber Goods

THAT EVERY HOME SHOULD HAVE.

A great many people have the impression that the only time a rubber article is needed is when sickness appears.

As a matter of fact, there are certain rubber goods that will lend comfort to the home every day in the year.

Whatever item you may choose—hot water bottles, ice caps, face bottles, fountain syringes, atomizers, or anything else in the rubber line—here you can get the best to be had.

PENNY'S DRUG STORE, Stanford.

closing his last week of school at Oak Grove, will go to Richmond to take a Normal course. There are very few finer young men to be found anywhere.

Our school closed on last Friday owing to the severity of the weather, the lack of fuel and sickness in the district. The attendance has been very poor.

With taxes higher each year and roads getting worse, in fact, almost impassable, it seems that this end of the county is poorly represented.

Mr. J. A. Singleton, one of the members of the Board of Equalization tells us that the board has just completed its work, making some few changes in this part.

Mr. Ollie Routen, wife and little son, left last week for Bloomington, Ind., where he will take up his old job on the railroad.

Dr. Laswell took Edward Miller, son of W. M. and Mrs. Miller, to Stanford last week and operated on him, a growth in the nose being the trouble. With so much sickness, the doctor barely had time to change horses. Dr. Caldwell was called from Waynesburg to see Mr. A. T. Horton, who was in a critical condition.

Mr. R. J. Hogue went to town this week to pay his taxes. Mr. Hogue, who is usually the first one to pay his taxes, saw the sheriff had his farm advertised for taxes and still thinking he had his paid, got his receipt and found he had paid another man's taxes last fall instead of his own.

Mr. W. A. Leach bought a mare from Mrs. Eubank for a nice price.

W. B. King will move his family to Kingston to where he has purchased a lot from W. D. Murphy and is erecting a bungalow.
